

CAPABILITY STATEMENT

Enterprise Messaging | Storage | Cloud Consulting | Strategy | Leadership Development

Southeast Technologies is a certified woman-owned small business providing excellent IT strategy, infrastructure consulting, and leadership development services. In business since 2000, we have provided our services to Fortune 500 companies, the U.S. Government, and global non-profit agencies. Infrastructure services are the core of every organization's IT structure today, and having those services perform efficiently and optimally is essential. We provide a full range of services for your infrastructure environment. Whether it's an Office 365 migration, a storage assessment, or cloud services consulting, we can assist you from start to finish. Solving our client's strategy and infrastructure problems are our passion. Partner with us for your strategy, infrastructure, and leadership development needs.
